PUPILS PROUD OF THE LAFAYETTE SCHOOL

May Festival Held Wednesday Afternoon--List of Teachers and Pupils for the Opening Year.

The pupils of the Lafayette school, Portsmouth's newest school building, held a May festival at the school grounds Wednesday afternoon. The festival was under the direction of Miss Jessa S. McDaniels, the principal. There were many unique features in the program and a large number of the parents of the pupils witnessed the exercises. Frances Badger was crowned queen of the May, and her attendants were Gladys Turner and Katherine Pelne. Following this ceremony folk dances were given by the pupils of the first and second grades, the subject being "Sleeping Beauty and the Prince." The sixth grade presented a folk dance, using the old English May pole dance. Miss Gladys Pettee was in charge of the dancing. The festivities closed with a march about the field with 27 children in line, led by Robert Sweetser.

Two British Steamers Sent Down By Submarines and German Converted Cruiser Torpedoed and Sunk the Swedish Steamer Vanadis

(Special to The Herald)

Glasgow, May 6.—The owners of the British steamer Cherburg were notified today that their ship was torpedoed and sunk by a German submarine in the Atlantic ocean, off the west coast of Ireland, April 29. All the members of the crew were saved and landed at an isolated Irish village where the captain had extreme difficulty in communicating with the owners at Glasgow. The Cherburg was a steamer of 3,320 tons.

(Special to The Herald)

London, May 6.—The Swedish steamer Vanadis was sunk in the Baltic Sea by the German auxiliary cruiser Silvana. The Silvana is a small steamer formerly in the service of the Hamburg American line. A Copenhagen dispatch received here this morning stated that the Vanadis was sunk by a torpedo launched by the raider Silvana because she refused to stop when signalled. All of the crew were rescued.

(Special to The Herald)

Hartlepool, Eng., May 6.—The German steam trawler Shotton was torpedoed and sunk without warning by a German submarine in the North Sea Wednesday. The crew was saved.

(Special to The Herald)

Constantinople, via Berlin and Amsterdam, May 6.—All allied troops landed on the Asiatic shores of the Dardanelles have been driven off, the Turkish war office announced today. The report that the two towns of Gal-

lipoli and Nagara had been captured by the allies was officially denied today. It was also stated in the dispatches that only at two points on the Gallipoli peninsula, Avli Burnu and Sed-El-Bahr, had the British troops succeeded in holding possession.

TIME LIMIT SET BY THE JAPANESE

Many Anti-Jap Riots Occurring in Peking, China.

(Special to The Herald)

Peking, May 6.—Japan's ultimatum to China was presented at the foreign office this evening. It was transmitted through the Japanese legation.

The time limit set by Japan in the ultimatum is said to expire at 6 p. m., Saturday. The ultimatum, according to unofficial versions sets forth that China on this and former occasions has acted in a manner contrary to the in-

terests involved in the recent negotiations, and demands acceptance of the proposal made by Japan.

(Special to The Herald)

Peking, May 6.—Several anti-Japanese demonstrations occurred here today, but they were immediately checked. Sentiment against the government is increasing as a result of reports that no resistance will be made to the Japanese troops if they seize Chinese territory, and that President Yuan Shi Kai will grant all of Japan's demands if that country shows its determination to resort to force. Many Chinese have been arrested on charges that they are plotting to kill the President, who still remains at the Winter Palace, which it is said he has not left for four days.

SENSATION IN MURDER TRIAL

Woman in Carman Case Testifies She Was Offered Money to Commit Perjury.

(Special to The Herald)

Minneapolis, N. Y., May 6.—The biggest sensation of the second trial of Mrs. Florence C. Carman for the murder of Mrs. Louise Bailey in Dr. Carman's office, in Freeport, L. I., on June 30, 1914, came today when Cella Coleman, the colored maid in the Carman household, swore that an attempt had been made to bribe her with \$300 to change her testimony.

"I was in Charleston, S. C., that a man known to be S. C. Hicks came to me and offered me \$300 that I swear Mrs. Carman had nothing to do with the death of Mrs. Bailey," declared the witness upon re-direct examination. The girl then identified two persons who she declared overheard the bribe offer made here.

The State rested its case at 2 p. m. today.

GERMAN PLANE DROPPED BOMBS

Identified by Iron Cross Design on Wings of Airship.

(Special to The Herald)

Washington, D. C., May 6.—The aeroplane which dropped a bomb upon the American ship Cushing off the Dutch coast last Thursday, was marked with crosses, Consul General Listoe at Rotterdam reported today to the State Department.

Navy department records show that the design of the Iron Cross is painted on the lower side of the wings, or hull of German war aeroplanes. British aerial craft carry the Union Jack in colors on the lower side of the hull; while the French have their tri-color design on their aeroplanes.

4000-TON DANISH STEAMER SUNK

(Special to The Herald)

London, May 6.—The Danish steamer Cathay, a vessel of 4076 tons gross, has been sunk in the North Sea either by a mine or a German submarine. The Cathay had a number of passengers on board, and these as well as members of the crew were landed at Rungskaf today. The Cathay was sunk on Wednesday, and hauled from Copenhagen. She was 359 feet long.

PECULIAR STORY TOLD IN COURT

Young Ladies in Dover Accept Drink From Stranger on Street.

Arline Quinn, 17 years and Anna Kouch, 23 years of age appeared Wednesday before the Dover municipal court charged with drunkenness. Each pleaded "not guilty" but Judge Mason found both guilty and ordered them to serve a sentence of sixty days and costs of \$3.02 in the house of correction.

According to the testimony of the two girls they were walking along Second street Tuesday evening when they met a man about 30 years of age who stopped them and engaged in conversation for a short time. After that he produced a pint bottle of whiskey and invited the girls to take a drink. Each claimed that they took but one drink. Miss Quinn maintained that she was completely overcome after indulging in the liquor and after observing her condition the stranger attempted to induce her to accompany him to a small barn or shed which was a short distance from where they were standing.

Miss Kouch was not so badly affected as to lose her sense of reason and endeavored to protest; her friend, as a result, the man became alarmed and left them. They proceeded down town and Miss Quinn was placed under arrest by Officer Brownell of the Dover police who had observed her condition. Later a trip was made to the apartments of Miss Kouch and she was placed under arrest.

The fact that the girls stated that they had only taken one drink as well as the assertion that they took that from a stranger appeared as a falsehood to the judge. The judge explained to the girls that in event they disclosed where they procured their liquor and it was later proven that the deliverance of the liquor was illegal and by a party who was not justified in delivering the liquor, the law provided for their discharge on the drunkenness charge. In spite of this the girls maintained that they did not know the man and were ordered to serve the sentence.

"THE ROAD TO HAPPINESS"

The bright and cheerful native humor and Yankee cleverness of "The Man from Home" in which William Hodge scored such a signal success and starred for six entire seasons with fame and fortune are aid to be reproduced in the Dover municipal court charged with drunkenness. This popular star enjoyed a record run all last year at the Garrick and Princess Theatres in Chicago and has been playing throughout the present season at the Wilbur Theatre, Boston, whence he is coming direct to the city and will be seen here at the Portsmouth Theatre on Wednesday, May 12.

As the young village carpenter and law student, Jim Whitman in this new comedy of cheerfulness and optimism, this delightful interpreter of native American types is said to have every whit as happy a part as that of his celebrated Daniel Voorhees like in the South Washington drama. Mr. Hodge himself describes Whitman as a sort of younger brother of Pike. Whitman might be Pike in his younger days while studying law in Kokomo. The youth of Abraham Lincoln is said to be reflected to a certain degree in the character. All the Chicago and Boston critics declare that the part fits Hodge's unique and droll personality like a glove.

The four acts of the play are set in a little village and the difficulties of the plot arise out of the mystery of a little baby foundling left on the doorsteps of the Squire's home. Whitman comes to the defense of an unjustly accused girl and almost loses his own sweetheart as a result. In the end he unravels the mystery and brings happiness to everybody, but not until there has been a regular village feud and even a tar and feather party, which he outwits in a most surprising manner. The shrewdness of Whitman equals that of Pike and his

Scene from "The Road to Happiness"

sayings are said to keep the audience in roars of laughter.

There are two love romances in the play with Gertrude (former leading lady in "The Man from Home") as Viola and Hazel Seixen, also of girlish charm as Eva. Ida Vernon that delightful old time actress, is still with Hodge and enacts Jim's mother. Quaint and amusing character parts are contributed by other such well known players as Scott Cooper, Arch Evans, Edwin Melvin, George Lund, Howard Morgan Taylor, Carroll, Marie Haynes Marguerite Rand and others.

NEWINGTON

The work on the State road is completed and the work now extends from the Greenland point nearly to Mr. Justin Rand's. It is now a good road and it is hoped that in the course of time that the straight road to Dover Point Bridge will be built, and then it kept in proper repair it will be one that the people will be justified in being proud of.

Mrs. Drown and family have moved into the house owned by Miss Josephine Downing who has had extensive repairs made.

Mr. Manning Hoyt and family have moved from Somerville, Mass., into the house known as the Pevensey house, and recently owned by the late Mr. Thomas Pickering. The house has been newly painted and papered throughout and is all bright and fresh for the new occupants.

Mr. James Coleman has begun to build his new house close to the old house, which in time will be removed, and a driveway made where the house now stands.

The East Rockingham Grange will meet with Pleasanton Grange on Wednesday, May 12.

The Reapers' Society will meet with Mrs. Rosemond Packard on Thursday afternoon.

Mr. and Mrs. Norris of Greenland called on Mr. Albert and Mrs. Ruth Pickering on Sunday.

Mr. Albert Pickering is now improving quite rapidly and is able to walk about a little.

Mr. Harry Pace who died at his home on Gosling road last week had been in ill health for several months. He bore his sufferings patiently and uncomplainingly and much sympathy is extended to the aged father and bereaved family. Interment was in the family lot in the cemetery.

Portsmouth Has to Bow to the Inevitable—Scores of Citizens Prove It

After reading the public statement of this representative citizen of Portsmouth given below, you must come to this conclusion: A remedy which proved so beneficial years ago with the kidneys can naturally be supposed to do the same work in similar cases. Read this:

George Myers, 172 Gates street, Portsmouth, says: "My kidneys became disordered some years ago and I suffered from pain and business in my back. The kidney secretions were too frequent in passage and at night I was obliged to get up several times, but was unable to find relief until I procured Doan's Kidney Pills at Phillips's Drug Store. They brought the most satisfactory results. After I had finished two boxes, the trouble had left."

The Sunday evening services during the summer months will be brief and evangelistic in place of the Christian Endeavor meeting which will now be held on Thursday evening.

Mrs. Ann Sarah Frink observed her 81st birthday on Friday April 29th, in a quiet manner while the elements raged outside and prevented the relatives and friends from calling on that day. One neighbor braved the storm and extended her congratulations in person. The mail brought birthday gifts and cards. Saturday was still rainy, damp and raw, but on Sunday many relatives and friends called to extend to her their birthday greetings. The dainty belated lunch was served to her children and grandchildren.

Mrs. Frink is in remarkably good health, very active, also interested in all the current events of the day and of the town. May she live to enjoy many more such days is the wish of all.

BOSTON LETTER

Boston, May 6.—Representative Rolland D. Sawyer of Ware, speaking at the Josiah Quincy Forum on the subject of "Political History," declared that the present session of the Massachusetts legislature is the most reactionary in years. He said: "The legislature on Beacon Hill this year is most reactionary in years; the reactionary Republican machine took the oath of the Progressive party for the decade of Progressive settlement, and a steam roller machine was ironed out to nothing every progressive measure advanced by Governor Walsh, or any of the progressive Democrats or Republicans. In my two years on the Hill I have found out that measures which other states are passing can not get a serious consideration here in Massachusetts. Such measures as an old age pension, mothers' pension act, state campaign bulletin, defender of the poor, savings bank deposit security, minimum wage law for women and girls, will get the votes of a dozen progressive Democrats, and half a dozen Liberal minded Republicans and Charles Morrill, the Socialist, but never enough for a roll call. The only big thing this state can do in the way of reform is to hold a constitutional convention and each year of his term Governor Walsh has urged it, and the Democrats have supported him, but the stand-pat Republicans have kicked it out of the window."

Governor Walsh, President E. J. Bliss of the Boston Chamber of Commerce and President J. H. Crookston of the Massachusetts Board of Trade have been appointed as the judges who will award the silver buying cap offered by the New England Fair-Up Clean-Up committee as a competitive trophy to the city or town conducting the most efficient Clean-Up and Paint-Up work campaign. Every city and town competing for the trophy is to furnish a list of work, duly certified, setting forth the results of this campaign. This report will be assembled and then the judges will examine them and decide which city or town has done the best work.

Weekly statements issued at the state house of the number of new firms incorporated shows that of 1914 new business ventures are concerning 12,000 in industrial depression. The last statement showed more than 25 concerns are shortly to start business.

Your Pocket-Knife, the Best Tobacco-Cutting Machine

Because it cuts the tobacco off the plug as you use it—insuring you fresh tobacco for every pipeful. Real tobacco flavor depends upon the leaf being preserved in its natural state, possible only by pressing the leaves into plug form and keeping it in by covering it with a natural leaf wrapper. The natural flavor and strength of tobacco escape when cut or granulated.

Take a Plug of Sicks that is even thoroughly dried out so that when you whittle it off it crumbles into dust, but it will burn and smoke smooth and cool as it has all of its original tobacco flavor preserved, unevaporated in Plug Form.

Whittling a pipeful is little trouble, amply repaid in both quality and quantity. Try this experiment and judge for yourself.

American Aristocracy.

From the time of the settlement of this country there has been the boast that here there are no classes; that one man is as good as another so long as he behaves himself and that all stand equal before the law. For many years this claim was justified by conditions and the simple manner of American living, but the last half century has brought great changes, and the man who imagines that there are no classes in the United States today is one who has not kept his eyes open. Today we have our royalty almost as pronounced as that of the Old World, founded not on the fortune of birth, but on fortunes that have been accumulated in business or speculation.

Evidences of the existence of such an aristocracy are constantly in view on every hand. The American millionaire is the American aristocrat, and he has become so common as to constitute a large class, and one that is steadily growing.

In an eastern manufacturing town a wedding took place a few days ago which aptly illustrated the growth of aristocracy in this country. The bride was the daughter of a man who amassed a great fortune in manufacturing, and her address was three different cities. The groom was of similar social and financial standing, and he hailed from two large cities. The ceremony was performed by three eminent clergymen amid surroundings as luxurious as were ever enjoyed by the royal families of Europe. The employees of the great manufacturing plant were given the day off without loss of pay, and in addition to the reception to the invited guests, who came in special trains and automobiles, there was one for the employees, with a band of music in attendance.

It was a gala day for the whole town, which was lavishly decorated for the occasion, and all for what? Simply because a wealthy young couple, members of the American aristocracy, whose residences included five cities, were joined in wedlock amid splendors rivaling those enjoyed by crowned heads.

And this was not an isolated case. It was only another illustration on the part of those who have to work for a living that there is such a thing as class distinctions in the United States, where once there was greater social equality than anywhere else on earth. But times have changed, immense fortunes have multiplied and are still multiplying, and with them come distinctions which did not formerly exist. America has its aristocracy, and it is an aristocracy of wealth.

The sentence of three years' imprisonment imposed upon one of the McNamara gang of dynamiters has been commuted by President Wilson because the man is said to be suffering from tuberculosis. He has served a little more than one year and will now be set at liberty. It is to be hoped that President Wilson has not been fooled as badly as President Taft was in a certain well-remembered case.

Not so very many years ago it was contended that tin plate could not be successfully manufactured in the United States. But the manufacture has been carried on profitably for some years, and one concern in Pennsylvania is now about to double the capacity of its plant. And why should not this record be duplicated in the manufacture of dyes?

The wireless telephone seems to be a coming thing. The distance at which it can be used is being constantly stretched and the service is now available for from 60 to 100 miles. There are now many more than seven wonders of the world.

It is estimated that the railroads of the country will expend \$50,000,000 this year on improvements and equipment. That doesn't look much like a year of poor business. Cheer up, the worst is not yet to come. It is past.

Owing to war conditions the women's peace congress at The Hague has had a hard time in assembling. And the body will encounter further obstacles before it succeeds in abolishing war.

The few straw hats that ventured out during the hot spell have gone way back and spring overcoats have reappeared for a further term of service. We live in a truly remarkable climate.

Why are poisonous gas bombs worse than other kinds of bombs? War is war, and it cannot be successfully prosecuted with children's playthings.

All April heat records have been broken. Let it be hoped that this month will not break all May records for cold.

Vice President Marshall is also to grace the Chautauque platform this season. Is he, too, finding his salary inadequate?

Changed Plea to Guilty of Manslaughter in Killing Her Husband.

Wiscasset, Maine, May 6.—Mrs. Augusta A. Hisler, aged 66 was today sentenced to from five to ten years in state prison at Thomaston, as guilty of manslaughter, as the result of the death of her husband, Fred Hisler. Mrs. Hisler was being tried in the supreme court on the charge of murder. Today she changed her plea of not guilty of murder to that of guilty of manslaughter.

A witness at yesterday's session of the trial testified that Mrs. Hisler had confessed to striking her husband over the head with a stick of wood and that death had been instantaneous.

In giving his sentence, the judge recommended, owing to the age of Mrs. Hisler, the minimum penalty of five years.

PEOPLES' OPINION

Captain and Manager Talks

Editor Herald:
In regard to statement made in The Herald of May 5 that the Rover A. C. was defeated in a double header by the Stark A. C. we wish to say that this statement has no foundation. The team that really played the Starks were players from 12 to 15 years old. The Stark A. C. averages from 17 to 20 years of age and are big enough to enter the Sunset League. The Rover A. C. are willing to meet the Starks at any time for fun, money or marbles. If they do play, the Rovers only hope is that they will line up with their crack pitcher, R. Harney in the box. Harney has not pitched a game this season but every night he can be seen on the Pine street playgrounds warming up. It is also said that after this little exercise he is rubbed down by his trainers with wood alcohol and sand paper, after which process his arm is lapped.

Altogether a game will be pulled off in the near future, I am—

Editor Herald:

The whistle of the fire alarm recently placed on the Eldridge Brewing Co. seems to be far from satisfactory and now it is understood that another whistle from a different maker will be connected up for a trial and perhaps be accepted as permanent. As a mechanic that knows steam, I would suggest this remedy for the existing trouble. Put the whistle on a straight steam feed line and place it where there will be some pressure behind it.

Let Them all Have a Look

To the Editor:
A recent article in your paper relative to the new state armory shows that a certain number of people were invited to a recent reception held there which was reported as being a very enjoyable affair. Now, that the members of the city government, Portsmouth's Delegation at Concord and a few of our local business men have had the pleasure of inspecting this building, why not arrange for the citizens of Portsmouth in general to be allowed to look it over?

BRITISH WARSHIPS TO LEAVE U. S. COAST

Washington, May 5.—British war ships which have been lying off the New York and the New England coast, will be temporarily withdrawn so that they may not interfere with the success of the maneuvers of the Atlantic fleet, which begin May 18. Notice to that effect has been communicated to the navy department by the British ambassador here.

The gutters at city hall are being repaired.

SOUVENIRS FOR CONCORD

A beautiful souvenir in the form of a medal or watch fob has been sanctioned by the officials in charge of the 150th anniversary celebration of the city of Concord, N. H.

ELECTION WON BY MRS. SHEPARD

Mrs. Winston Churchill Defeated for President of the State Federation of Woman's Clubs.

Concord, N. H., May 5.—Mrs. Winston Churchill of Cornish wife of the novelist was presented today as candidate for president of the state Federation of Women's Clubs, by delegates favoring equal suffrage, but was defeated by Mrs. Annie B. Sheppard of East Derry. She received 36 votes as against 96 for her opponent. The entry of Mrs. Churchill into the contest came as somewhat of a surprise as all political issues had previously been barred.

The address of the morning was by Dr. Charles Duncan, State bacteriologist. At the afternoon session there were addresses by Rt. Rev. Edward M. Parker DD, and Harry Plébe Smith.

This evening an address was given by Miss L. E. Stearns of Milwaukee, and there were short addresses by the past presidents, Mrs. Frank S. Streeter, Mrs. Charles P. Bancroft of Concord, Mrs. Isaac N. Blodgett of Franklyn, Mrs. Mary I. Wood of Portsmouth, Mrs. Lorin Webster of Holderness, Mrs. William Burlingame of Exeter and Mrs. Josiah N. Woodward of Nashua.

The election of officers resulted as follows: Mrs. Annie B. Sheppard, East Derry, president; Mrs. Harriet B. L. Perkins, Somersworth, first vice president; Mrs. Mary P. Remick, Concord, second vice president; Miss Maude A. Taggart, Peterboro, recording secretary; Mrs. Helen S. Burroughs, Manchester, treasurer; Mrs. Lula J. A. Morris, Lancaster, auditor; Miss Jennie M. DeMerrill, Dover, general federation state secretary.

CURRENT OPINION

Task of America Is to Create One People Out of Many.

If today we can teach to the world one thing—that here in America we create one people out of many—we are proving to Europe that all war is in vain. The Christian way is the right way. If we fall here we fall not only as a nation, but the world falls.

I expect one thing of the war—that the name, the United States of something, with cross the ocean, and the spirit of the stars and stripes will be wafted around the globe.

To take the broken bits, the flotsam and jetsam, of the men and women of the old world and make of them Americans—that is our art.

The real task of today, which demands our best effort, is to take the heterogeneous, hopeless material, and make men and citizens.—By Rev. Edward A. Steiner, Professor of Applied Christianity, Grinnell College, Iowa.

PORTSMOUTH THEATRE PROGRAMME

For Thursday Only

Francis X. Bushman and Beverly Bayne in a two part photoplay called "Thirteen Down"

The acting in this picture is without a flaw. Francis X. Bushman, in the person of Arnold Auslin, excites and sustains chief interest. His make-up as the half-famished down and outer in the bread line—which, by the way, is a real scene taken near Dawes Hotel, Chicago—is thoroughly realistic as a type. This is one fine picture with a surprise on the end. For Thursday only.

NEVADA WOMEN DEFEAT REFORM

Proposal to Lessen Reno's Saloons Is Lost.

Reno Nevada, May 5.—The women of Nevada today in exercising for the first time their right to vote since being granted equal suffrage last Fall, threw enough of their strength within the liberal element to defeat the so-called reform program which included an ordinance to reduce the number of liquor licenses in Reno from 80 to 40 and to enforce stringent regulations of cafes and cabarets.

The liberal legislation passed by the recent legislature restoring the six months' divorce law and permitting horse racing with Paris mutual betting has resulted in a great influx of people and Reno is now enjoying a wonderful revival of business activity.

A majority of the new woman voters came into line for a continuation of these conditions and Reno will remain an unrestricted mecca for the divorce colony.

NEW PASSENGER RATES.

B. & M. Files New Tariff With Commission.

The Boston and Maine road has filed with the Public Service Commission a new local passenger tariff in which the unit system has been eliminated and all fares are now based on the flat rate of two and one-half cents per mile. Under the tariff which this superseded, enough distance was added to the mileage between local stations to make the amount divisible by five. The new tariff will go in effect on June 1.

Sanity Commission Also Summoned to Testify for Famous Prisoner.

J. Morgan O'Brien Jr., of New York of counsel for Harry Thaw is in Concord for the purpose of summoning witnesses to testify as to his client's sanity before a New York jury. Among those called are Dr. Charles P. Bancroft and Frank S. Streeter, members of the commission which examined Thaw as to his sanity at the request of the federal court, and Sheriff Holman K. Drew of Colebrook and Police man Clark D. Stevens of Concord, who were Thaw's custodians in New Hampshire. Mr. O'Brien is confident that the New York Appellate Court will decide in favor of Thaw's right to a jury test of his sanity.

RIGHT OF WAY CAUSES A ROW

Rice Library Trustees Place Fence Across Path and Woman Smashes It Down.

On Wednesday the trustees of the Rice Public Library, Kittery, caused a fence to be erected on their property on Wentworth street and thereby hangs a tale.

This morning the fence was down, the result of well directed blows from an axe in the hands of Mrs. Austin H. Basley, whose residence is directly behind the library. She has been using a path across which the fence was built.

Mrs. Basley has a right of way from

her house to Wentworth street north of the library building, but wishing to use a shorter cut, she applied to the board of trustees of the library for permission to cross their land south of the library. This permission was granted her and for the past two or three years she has been using this cross-cut path. This year in order to prevent the establishment of a right of way, the board of trustees requested her to take a lease at \$1 per year. As Mrs. Basley refused to do this, the erection of a wire fence with wooden cross bars, and a "no trespass" sign, resulted.

The library trustees believe that they were in the right in erecting a fence as they declare they have a free title to the land. When called on the telephone this morning by a Herald reporter, Mrs. Basley refused to make any statement saying: "I have nothing at all to say."

FIRE ALARM REPAIRS

New Wire for Water, Wibird and McDonough Streets.

HIT BY LAW

Only Two Have Privilege to
Sell to Guests on Sunday.

The bomb exploded by the license commission just previous to leaving their warm berth, hit Dover as hard as Portsmouth, according to report. In that city two hotels are allowed the privilege to sell to bonafide guests by paying \$50 extra a year, the others which have in the past sold according to the law, will do no business on the Sabbath. The commission claims the ruling made is the result of complaints and will stand as long as the present board is in charge of liquor matters in the state.

OPERATIC ARTISTS SCORE COMPLETE SUCCESS

Concert by The Lotus Male Quartet
Assisted by Mme. Scotney and
Howard White Pleased Large
Audience.

The Elks lived up to their reputation for giving only excellent entertainments when they offered the lovers of music and high class entertainment the concert at the Portsmouth Theatre last evening. In presenting the Lotus Male Quartet they gave the people of Portsmouth another opportunity of hearing a quartet that is always a favorite with Portsmouth people and with the addition of such noted artists as Mme. Evelyn Scotney Howard White and Roseth Knapp Breed, the program left nothing to be added.

The large auditorium of the Portsmouth Theatre was completely filled with an audience that was representative of this city and each number was appreciated and well received.

Mme. Scotney surpassed herself in her efforts to please her hearers and her great charm of manner and striking personal beauty combined with her remarkable earnestness and sincerity assured her a place in the memories

of the people of Portsmouth that has never been equalled. Each of her numbers called forth volleys of applause, the brilliancy and sympathetic richness of her voice was considered little short of wonderful.

Mr. Howard White, who with Mme. Scotney was connected with the Boston Opera Company, divided honors with her last night. Mr. White has a wonderful bass voice in its evenness throughout its extended range. His singing showed intelligent sympathetic understanding of the text and his unusually clear and distinct enunciation was very pleasing. Mr. White has an attractive personality and is a fine musician.

The work of Roseth Knapp Breed delighted the audience. She is a versatile and gifted humorist, a clever interpreter and is finished in her art. In keeping with the other entertainers she has a very pleasing stage personality.

The entire offering was one that pleased the large audience and there was not a number that could be suggested to adverse criticism.

Mention must be made of the work of Mr. Herbert Leller who accompanied Mme. Scotney and Mr. White at the piano. At no time did he cover up the voices of the artists, yet the accompaniment was always heavy enough to be plainly audible and in the most effective degree.

The closing number, "What From Vengeance" from Lucia by Mme. Scotney and the Quartet was perhaps the feature number of the fine program.

VALUABLE HINTS ON DISPOSING OF REFUSE

How Pits With Covers Aid the Cleaners of Streets and Walks

When streets and sidewalks are cleaned by hand sweeping there should be provided receptacles of appropriate design and suitable capacity for the reception of the street sweepings awaiting removal.

A useful form of such receptacle would be one which could be removed without being emptied, another being left in its place for the next day's sweepings. The same method is equally applicable for small garbage and household refuse.

There are other receptacles for street refuse that may be sunk in pits. They are made with steel of a dumping bottom and the removal cart is provided with means of lifting them out of the pit to the top of the cart, which is covered with a top having special openings so that the contents of the cart may be dumped into the cart without being scattered by the wind.

After being so dumped the cans are lowered again into place in their pits. In order to avoid handling such cans pits are located in the sidewalk near the curb and the street refuse is swept directly into them, small hinged flaps bridging the gutter. The pit, is of course provided with a cover.

The removal of all town street sweepings and garden refuse should be done in wagons invariably having covers in order to protect the passing public and the workmen from escaping particles. It is better, however, to have it removed in their original cans, leaving empty cans in place, as this is an absolute protection to all concerned and gets the wagons off the streets sooner.

Mrs. James A. McCarthy of Union street is passing a few days with relatives in Cambridge, Mass.

BOARD OF TRADE NEGOTIATING FOR GLASS PLANT

W. W. BLAIR OF BOSTON MAY
ESTABLISH BIG INDUSTRY IN
THIS SECTION

The Portsmouth Board of Trade has for some time been negotiating with W. W. Blair of Boston to locate a glass manufacturing industry in this city. Similar negotiations have been held between the Blair concern and Newburyport, Mass., Peabody, N. Y., Boston and Quincy, Mass. Such an industry would make a very valuable addition for Portsmouth as Mr. Blair has stated that the plant would employ about 300 hands in two years. The majority of the employees used in the manufacturing must be skilled laborers, each department requiring expert knowledge and ability. If the people of Portsmouth want such an industry which will add materially in the upbuilding of this city the Board of Trade will have to get busy.

Mayor Fogg of Newburyport is in receipt of a letter from Mr. Blair in which he says, "We are ready to subscribe \$25,000 and anxious to get busy." He further told the mayor in the letter any Newburyport subscriber not satisfied with his investment at the end of one year, he and his associates will agree to take the stock at cost, plus 5 per cent.

At the committee's meeting held in that city Friday evening, arrangements will be made, probably for a conference with Mr. Blair and Mr. Thatcher. The committee appointed on the part of the Business Men's Association, is William G. Fisher, William P. Lunt, Arthur W. Maynard, Norman Russell and Michael Cashman.

There are three locations that are available for such an industry here, namely, the Paper Mill, the Eastern Oil and Rendering Company's plant and the Alms House on the city farm.

ANTI-SUFFRAGE NOTES

Dr. Anna Shaw figures it out that 49 1-2 per cent of the territory of the United States is suffrage territory. That sounds impressive, but it is not territory but people that vote, and only 3.3 per cent of the population of the United States live in equal suffrage territory.

Suffrage has just been defeated in Wisconsin, the 15th state to defeat it in six months. It is bound to come?

The suffrage press is spreading broadcast the statement that the conditions depicted in "Your Girl and Mine" (the suffrage motion picture show) still obtain in various states; that in six states the father may (by deed or will) dispose of the person or property of his minor children without the consent of the mother, and in some states a husband assumes full control of his wife's fortune on marriage; that in twenty-five states men are protected in one or more trades by the eight-hour law, while but six states give women the same protection.

The states in which the suffragists maintain that a father can will away his children, living or unborn, are Delaware, Georgia, Maryland, South Carolina, Tennessee and Virginia. Letters of inquiry to the attorneys-general of these states brought denials that any such law existed in Georgia, Tennessee, Delaware and South Carolina. In Maryland the father has the technical right to appoint a testamentary guardian for minor children but under legal precedents the rights of the mother can always be fully protected. In

GOLD DUST

For every brightening and
cleaning purpose in every home

Gold Dust is used at least three times a day in millions of homes everywhere.

Yet there are many thousands of housewives who think Gold Dust is only for one or two uses—

They would not use anything else but Gold Dust for washing dishes, for example—

Or for scrubbing floors and woodwork, washing windows, etc.

Gold Dust should be used for cleaning and brightening everything.

It is most economical; it is most satisfactory and it is most sanitary.

Cannot scratch or harm any surface, and it will dissolve and remove all dirt and grease.

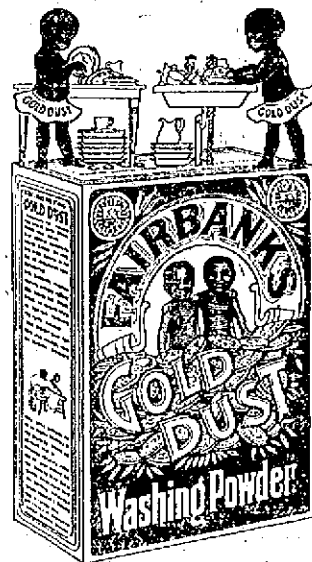

The active principle of Gold Dust is so remarkably thorough that you rinse away the dirt and grease, leaving a newness, a cleanness and a brightness which delights.

Gold Dust forces its way into the corners and crevices where neither fingers nor washcloth can reach. It truly works for you. Any woman who has washed dishes with Gold Dust knows what that means.

Gold Dust is the leading washing and cleaning powder in the world; it is indispensable once you know it.

Summer Cooking Shouldn't Cook the Cook

Getting dinner ready in July is just as comfortable as in November—if you use a FLORENCE OIL COOK STOVE.

The heat goes into the cooking, not into the kitchen. It does your work well and reliably, and keeps you comfortable. It requires less watching and regulating than a coal stove.

You can keep one or more burners at an intensely hot or merely simmering flame.

Come in and let us show you how these Florence Automatic Stoves work, how simple and reliable. No Wicks to burn out. No Valves to leak. Once started, each burner will keep going at the same power until you turn it out.

PLANT TO BE READY BY JULY FIRST

INSTALLATION OF SALISBURY'S WATER SYSTEM PROGRESSING RAPIDLY

The work of installation of a water supply for the town of Salisbury and the beach is progressing with leaps and bounds and if no obstacles are encountered it is expected to have the water turned on by the first of July.

The company, with Charles N. Taylor of Woblesley at its head, has been reorganized under the state laws and it is known as the Salisbury Water Supply Company. The work was commenced about five weeks ago and already more than half the piping is completed, standpipes erected and the workmen are in a fair way to finish the pumping station and other work near the wells on time.

The water is to be taken from several springs and wells near the state line on what is known as Brown Spring road, which is about two miles from the square. The water has been analyzed and found to be excellent with an inexhaustible supply, so the promoters stated to a reporter.

The laying of pipes commenced on the beach road near the old pumping station and is completed as far as the square. Pipes have been also laid down to Ring's Island around the square and toward the Point. The work now is centered on the Smithtown road going in the direction of the water basin.

There is to be a large stand pipe on the Smithtown road near the home of Henry Richards. It is 60 feet high and 25 feet in diameter. The pumping station close to the water basin is to have machinery that is all new and up to date.

The pipes arrive here and are carried to their destination by automobile trucks. The main pipe from the basin to the square is 12-inches and the distributing ones are from six to eight inches.

At Salisbury beach to guard against conflagration, 56 hydrants have been installed and each one will be connected so that ample water supply for fire purposes is guaranteed.

The work is being supervised by William H. Blodgett, who has acted as superintendent of the old concern for the past 10 years. The company has laid a 12-inch sewer the entire length of the beach.

The English Channel. Things got so bad that even the captain of the ship surrendered to despair. Ed grabbed his life preservers, strapped them around him and then offered up this prayer:

"Oh, Lord, I will lead a different life if you will spare this ship and our lives."

The ship arrived safely in port and Ed went back to Chicago and started a saloon.

A mathematical fiend has concluded that Willie Hoppe, the billiard champion, has walked over 3000 miles around a billiard table.

The mathematician discovered that Hoppe usually walks two miles around a table when playing a game of 600 points. Hoppe plays 60,000 points a year, so that means he walks 300 miles yearly. He has been champion something like nine years and did quite a bit of around-the-table walking before he became title holder. So his walking out goes over 3000 miles.

Clinton Rogge, the new and promising twirler with the Pittsburgh Peaches, claims to the distinction of being the only pitcher who struck out four men in one inning and lived to see every one of the four score a run.

It happened in a college game in Michigan. Rogge is a big chap with a world of speed. The varsity catcher was a 135 pound mite and couldn't hold Rogge who struck out three men a row, and every one went to first when the catcher failed to clutch the bird strike. With the bases loaded, Rogge struck out the fourth batter and the men on third came home with the first tally, while the fanned-batter acted to first in safety.

An error and a hit followed, and the two other strikeout victims who had lined the bases through the inability of the catcher to hold Rogge, scooted home with the runs that won the game.

"Strategy often succeeds where raw force fails" a prize fighter manager said recently. Then he went on to explain:

"A number of years ago two brothers met in the ring but for the amateur championship of the club to which they belonged. The younger brother knew that he wasn't a match for the older, but he was game, and went into the ring with him.

"The younger one had a terrific punch that was good for a knockout if he landed, but the older brother's guard was so good that the younger one, who was on the defensive most of the time, couldn't bore through.

"Then the younger chap bethought himself of strategy. The brothers came out of their corners in the sixth round, and just as they squared off, the younger looked down at the older boy's knee, his face took on a look of sternness, and he said:

"Say, for the love of Mike, look at your knee."

"The older brother fell for the ruse, he looked—and the younger shot a right uppercut to the jaw and won the championship."

NATIONAL GOOD ROADS BOARD

The Virginia convict road force includes both state and county prisoners all working under the control of the State Highway Commissioner. He satisfies himself in regard to the proposed road and furnishes estimates, plans, etc., to the county commissioners. If they then desire to undertake the work, they must first agree that it shall be done under the supervision of the Highway Commissioner.

Ex-Governor Mann is responsible for this provision in the Virginia law, which is in line with the recommendations for state control of county prisoners made by E. Stagg Whittin, of the National Committee on Prisoners and Prison Labor, in his address before the A. A. A. First Federal Aid Convention in Washington.

Virginia road work is carried on either under the contract or the force account system. Hon. George P. Coleman, State Highway Commissioner, compares the contract system, contending that under the "force account" better results are obtained both for the count-

ty and for the convict.

When the work is carried on under the force account system, the Highway Commissioner and the State Superintendent of Prisoners agree as to the rules and regulations for working the convicts. The prisoners are then turned over to the Highway Commissioner, the Superintendent only supplying the guards who are subject to the approval of the Highway Commissioner.

"Better results could be obtained," stated E. Stagg Whittin, speaking for the prison labor committee, "if the prison department remained responsible for the care of the men as is the case in West Virginia. The Highway Department is organized to build roads, the prison department to care for the prisoners. Cooperation between the two departments is essential to the successful development of convict road work."

Even under the present system of handling the men, Commissioner Coleman is convinced, after eight years' experience, that prison labor is just as satisfactory and efficient as any other class of common labor, with the additional advantage of being regular and under perfect control.

The State Board of Charities and Correction, which inspects the county road camps, confirms the Commissioner's statement. The board states that the men seem satisfied at the camps and as a rule improve physically after being sent to the camps. The board further endorses the road work by recommending that a law be passed sending to the convict road force all men imprisoned over 60 days, including those confined for non-payment of fines.

Virginia has passed the experimental stage and beautiful outdoor work seems now assured to her prisoners.

ADMITS BREAK IN STORE

Biddeford, Me., May 4.—The case of Joseph H. Pitts, aged 45, who was captured after a struggle in Kennebunk yesterday will be presented to the Grand Jury at the present term at Alfred. He is charged on four counts with breaking and entering in this city and in Saco. Today Pitts admitted he broke into the clothing store of the Fred Rowe Company in Saco three weeks ago.

MINISTER FOR POLICE HEAD

MALDEN, MASS., MAYOR TO NAME REV. C. H. MOSS

Mayor Blakeley of Malden will name Rev. Charles H. Moss, pastor of the First Baptist Church and leader of the liquor crusade last summer, as police commissioner. The City Council having last night turned down the mayor's former choice, E. H. Tate. The mayor is convinced that liquor is being sold in Malden and intends to stop the traffic if he can get someone to enforce the law.

Last night fifteen applications for pony express licenses were received by the council and most of them were from those turned down at the meeting the week before when, of twenty-five requests, only seven were honored. City Solicitor Boutwell had ruled that the acts of 1911, Chapter 423, dealing with pony licenses, meant that licenses granted now could be effective until next May, but when the ruling of the Quincy city solicitor to the effect that they must be granted before May 1, was learned, the Malden authorities decided to ask the opinion of the attorney general before taking further action.

At the meeting Alderman J. H. Kelley demanded an apology from Mayor Blakeley, claiming that the mayor's action in recounting the votes for police commissioner cast suspicion on him. Two weeks ago the mayor's appointees, E. H. Tate, failed of confirmation 3 to 2, and last night Kelley, who has been counting the votes announced the result as 6 to 1 against Tate. The mayor went to the ballot box and counted the votes himself, then slammed down the cover and walked back to his seat. Kelley promptly demanded an apology and Blakeley said: "I don't care to discuss the matter with you at all."

I USE "TIZ" FOR SORE, TIRED FEET

"TIZ" for puffed-up, aching, smarting, calloused feet and corns.

"TIZ" makes my feet smaller."

Good-bye sore feet, burning feet, swollen feet, smelly feet, tired feet. Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical, acts right off. "TIZ" draws out all the poisonous exudations which puff up the feet—the only remedy that does. Use "TIZ" and wear smaller shoes. Ah! how comfortable your feet will feel. "TIZ" is a delight. "TIZ" is harmless.

Get a 25 cent box of "TIZ" now at any drugstore or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's comfort guaranteed or money refunded.

SAILORS WHO CANNOT ROW

A survivor from one of the torpedoed ships says: "We had no men in our boat who could row. We very soon learned to row. I had never rowed a boat before, but I can do so now." The smallness of the number of men in our mercantile marine who can handle a rowing boat would surprise the majority of people, and those who can handle a sail are an even smaller band. They get almost no opportunity of learning. As for swimming, very few are experts, and battalions of them cannot swim a stroke.

MANY BOOTHS ARE SOLD OUT

Second and Last Day of the Fair Held by the Ladies' Social Circle Proved Very Successful.

Wednesday was the second and the closing day of the May Festival held under the auspices of the Ladies' Social Circle of the Universalist church. The sale was open throughout the day and evening with the same committee in charge as on the opening day and the booths were well patronized in many cases every article was disposed of.

From 12 to 2 o'clock dinner was served to the public and the ladies catered to over 80 people.

The menu:

Chicken Pie
Mashed Potatoes Dandelion Greens
Radishes Cucumbers Lettuce
Pancake Pies
Coffee Tea

The committee for the dinner was as follows:

Mrs. Charles Greene, Mrs. Porter Hunscom, Mrs. George D. Whittier, Mrs. Charles Smith, Mrs. Stacey Hall, Mrs. Andrew Wendell, Mrs. George Plaisted, Mrs. Richard L. Walden, Mrs. Susie Harlow, Mrs. George Dixon, Mrs. Fred A. Gray, Mrs. Grace Patterson, Mrs. Mabel Humphreys and Miss Hope Walden.

In the evening there was even a larger attendance than on the opening night and the booths were equally as pretty, and the whole affair was greatly enjoyed.

Special mention should be made of the Rockingham County Light and Power Co.'s booth which was the finest lighted in the big hall. Two big 300 watt tungsten lamps were placed in attractive inverted shades.

A play entitled "A Country School" was presented to a large and appreciative audience. Mr. J. Verne Woods deserves much credit for his faithful services of coach of this play and he staged a fine production. The cast included the following characters:

Atlas Take, Miss Miriam Pollard, Hiram Cheep, chairman of the school committee, Mr. Edward Cornelius Cordle Wood, the dullest pupil.

Mr. J. Verne Wood ran Ball a game enthusiast.

Miss Phyllis Hall, Gussie Gush, Miss Edith Moulton, Sarah Seales, Miss Almendra Harriman, Little Dot, Miss Geraldine Davis, Wanda Know, Mr. Howard Crompton, Anna Field, Miss Inez Benjamin, Miss Kid, Miss Viola Crompton, Battle Hop.

Miss Marguerite Downing, Goo Goo, Miss Ella M. Leonard, William Russell, Miss Maria Adams, Lotta Nerve, Miss Alphonse Permyer, Phoebe Fresh.

Miss Mildred Gustafson, Knott Innitt, Miss Lillian Haddock, Still Worse, Miss Ella Low, Lucy Lock, Miss Lena Smith.

Vocal solos were rendered by Miss Almendra Harriman and Miss Maria Adams. Mrs. Luther Weston Attwood acted as accompanist on the piano.

The night before drew out a large attendance to witness the performance entitled "A Gentle Jury" which was very amusing. It was a breezy little comedy written by Arlo Bates, a famous literary man. The cast was the following:

Sheriff, Mr. George D. Whittier, Members of the Jury—Miss Hope Walden, Mrs. Alvin H. Redden, Mrs. A. Leon Smith, Mrs. Mabel Humphreys, Mrs. Samuel Taxis, Miss Edith Whittier, Mrs. Asa C. Craig, Miss Alice White, Mrs. George Plaisted, Miss Ella P. Low, Miss Janet Delano, Mrs. Donnell.

Mrs. Luther W. Attwood was coach of the play and she is deserving of much praise for the able manner in which she guided the cast.

The casts for both plays were very successful in taking their parts and showed much faithful and diligent training.

Mr. Chester C. Miller of Boston rendered several beautiful solos in his usual able manner and Mrs. James Osborne gave several violin solos, which seemed to out do all others with which she had ever before favored the public. Mrs. Luther W. Attwood acted as accompanist.

The Ladies' Social Circle have scored another Universalist success, and the affair was most profitable, both socially and financially.

The last meeting of the Ladies' Foreign Missionary Society of the North church was held in the parish house on Tuesday afternoon with a large attendance. This society held a joint sewing meeting from 2.30 to 4.30 p. m., and at 4.30 tea was served by the Women's Guild. The hostess was Mrs. Samuel R. Hamilton, assisted by Miss Grace Connor. The officers of the Foreign Department of the mission are as follows:

President, Mrs. George Q. Patten; vice president, Mrs. Frances A. M.

FOUR BIG ACTS FOR THREE DAYS

The Portsmouth Theatre Vaudeville Bill Is the Best Yet Offered.

The vaudeville bill at the Portsmouth Theatre will be headed by the famous Dayton Family with twelve people. This is a European vaudeville act and no better act is on the stage today. It is positively the highest priced vaudeville act that has ever been shown in New England at popular prices. This big act must be seen to be appreciated, and with this act alone, the vaudeville bill at the Portsmouth Theatre would be stronger than that of the first part of the week, which was considered by all the patrons as the best shown to date.

In addition to the big Dayton Family act, the management has secured three other high priced turns. O'Brien and Eggermar present a clever piano and singing musical act that will prove to be pleasing and entertaining.

Keeley and Adams will provide the comedy part of the entertainment, with the funny little soldier act.

The only single number on the program is Bernice Leonard, a young woman who has attracted attention in all the best vaudeville houses in America.

The bill contains four acts, each a headliner, seventeen people in all and the management is confident that the popular verdict will be: "A very fine show."
